## (Re)Discover Centennial Pool!

- » A newly resurfaced pool with six 25-yard lap lanes, wading area and deep end with two 1-meter diving boards.
- » Large windows and skylights provide natural lighting for a calm yet energizing lap swim experience. Enjoy wider lane lines for optimal lap swimming.
- » Remodeled fitness room overlooking the pools with updated fitness equipment. Choose between a rowing machine, treadmills, lifecycles, and elliptical equipment. Enjoy a selection of hand weights.

*\*The facility will close 15 minutes after the last swimming session. Please plan your shower/changing times accordingly. Lap Swimmers note: Sharing lap lanes is required – be kind & split the lane or circle swim.*

## Centennial Pool

Centennial Pool, 1201 Alpine Street, closed for three weeks in August for annual maintenance. Longer than normal, the extra time allowed more work to be completed.

- » The system that adds water to the pool when it runs low was rebuilt and repaired.
- » A new pool liner was installed over the original tile surface. A time-consuming process that turned out great!
- » The diving boards traveled to Denver for preventative repairs and then reinstalled.
- » Installed new flooring on the ramps to the pool and in the hallway areas.
- » Repainted throughout the facility.
- » Removed the bleachers from the observation room. A larger fitness room area now boasts the addition of a new treadmill and upright bike. A new rowing machine will be in place by early 2025. A classroom and waiting area are better placed for access to the pool.
