THINK BEFORE YOU THROW!

Much of what's in your trash cart could be recycled or composted

Nearly half of what's inside the average Longmont trash cart could be recycled or composted. That means you are most likely paying for more trash service than you need.

RIGHT SIZE YOUR TRASH

ONLY PAY FOR WHAT YOU NEED!

		
96 WEEKLY	48 WEEKLY	48 EVERY OTHER WEEK
LARGE	MEDIUM	SMALL
\$24	\$12.90	\$6.50
PER MONTH	PER MONTH	PER MONTH

NEXT STEPS

REDUCE - Pay attention to what you purchase.

REUSE - Opt for items that go beyond single use & repair instead of replacing.

RECYCLE - Know what can be recycled and use your blue-lidded bin to max potential.

COMPOST - Sign up for curbside composting service or start a backyard compost bin.

REPLACING & REPAIRING CONTAINERS

The City will repair or replace containers that incur damage through routine use at no cost to the customer. Call 303-651-8416 or visit serviceworks.longmontcolorado.gov for more information.

The City does NOT wash carts; this is the resident's responsibility:

- In most cases, you can simply hose it out and let the water drain onto your yard
- For heavier duty cleaning, take it to a car wash
- There are professional service companies that specialize in trash cart washing — and they come to your home!

WASTE PROGRAM MANAGEMENT & UPDATES

Reducing waste and diverting waste from landfills through recycling and composting is a critical part of achieving the Longmont City Council's directives and contributes to creating a clean and safe community and healthy ecosystems that support clean air, water and soil.

The City of Longmont is committed to zero waste efforts and has put an aggressive plan in place to reach those goals.
