

Memo

To: Neighborhood Group Leaders
From: Neighborhood Programs Team
Date: August 14, 2025
Re: **August 21 NGLA Meeting: Neighborhood Programs Updates**

The next Neighborhood Group Leaders Association meeting will be held on **Thursday, August 21, at 6:30 pm at the Longmont Senior Center, 910 Longs Peak Avenue, in room D.** The August meeting will focus on Neighborhood Programs and the Neighborhood Groups Leaders Associations' current programming and upcoming changes.

Guillermo J. Estrada-Rivera, former Neighborhood Resource Specialist, was hired as the new Neighborhood Programs Supervisor and coordinator of the Neighborhood Group Leaders Association. He'll introduce himself, talk about his vision for Neighborhood Programs, and introduce upcoming short-term and long-term programming updates and changes for NGLA, NLS, and other projects. We will then follow the presentation with a short "Think Tank" session for neighborhood representatives to discuss their suggestions for NGLA and Neighborhood Programs. Please bring your questions and comments for him and the Neighborhood Programs team.

We expect this to be a shorter, but more interactive meeting in which neighborhood representatives can engage in a solution-based focused conversation in which you all can influence the new direction for the NGLA workplan for 2026.

Don't forget to review the July meeting attendance and contact us as soon as possible if you weren't correctly counted.

Please find the following enclosed:

1. August meeting agenda
2. July meeting attendance verification
3. April meeting minutes
4. May meeting minutes
5. The July meeting minutes will be available at the meeting.
