Important note in understanding year-to-year comparative basis within this report:

Page 4 focuses upon total revenue and reports year-to-year comparisons inclusive of delinquent payments. While both measurements are useful, it is important to understand that the Total % Change 2024-2025 on page 4 varies from the YTD Increase/(Decrease) column for sales and use tax components on page 5 because of the inclusion/exclusion of delinquencies.

Pages 5 through 10 show changes from 2024 to 2025 for sales and use tax that is paid on a current basis from tax filers. The comparative changes for delinquencies are purposefully left blank to keep the focus upon the trends of the current filing.

Use Tax Activity

The Lumber, Manufacturing, and Vehicle categories showed deacreases of 8.4%, 41.7%, and 1.6%, respectively, when compared to 2024 YTD.
