CITY OF LONGMONT | Water Conservation

Dear Longmont rental property owner,

You are receiving this letter because you may be eligible for incentives on water efficient upgrades that are designed to save water and money on utility bills! The City of Longmont offers a multitude of efficiency opportunities for rental properties like yours on appliances such as WaterSense certified toilets, washing machines, and even irrigation equipment.

These products are generally non-invasive, code-compliant and cost effective. Upgrades to your properties can help you reduce turnover, maintain your investment and stay competitive in the rental market by offering your tenants efficient appliances that help save on utility bills. Additionally, by taking advantage of the incentives the City offers, you will be supporting the City's water conservation goals.

Your rental properties are an investment. Providing tenants with a comfortable, healthy living environment and stable utility bills is a smart financial decision, and we're here to help.

You can find more information about water efficient upgrades for your rental property on the City's website at bit.ly/COL-Water. Rebate or contact the City's Water department at 303-651-8416 with additional questions. We will be happy to walk you through your options.

Thank you for considering these upgrades, and we look forward to assisting you.

Sincerely,

The City of Longmont Water Conservation Department
